

710mm Pole Technical Specification

Product description

ABL's 710mm pole is an additional extra for our FSA monitor arm range. Longer than our standard 410mm, the 710mm pole allows for more possible arrangements of monitor arms and can cater for the needs of a taller person. Compatible with FSA1, 2 and 3 and allows the configuration of the FSA4, 5, and 6. Available in Silver or White.

Product specification

Dimensional Specifications:

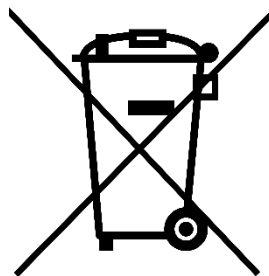

Pole length: 710mm

Pole Diameter: 40mm

Available in Silver or White.

Compatible with FSA's edge desk, through desk and top fix clamps.

We sell cable management!
